

## DECLARATION OF PERFORMANCE No. 5902610583483

| 1. Unique identification code of the product-type:                              |  |                                     |
|---|--|-------------------------------------|
| 5902610583483   |  |                                     |
| 2. Intended use or uses:  |  |                                     |
| The ceramic tiles for internal and /or external floorings and wa                | alls, including stairs, in buildings and industrial fa | acilities.                          |
| 3. Manufacturer:  |  |                                     |
| Ceramika Paradyż Sp. z o.o., ul. Piotrkowska 61, 26-300 Opocz                   | zno, Polska  |                                     |
| 4. Authorized representative:   |  |                                     |
| NA - not applicable   |  |                                     |
| 5. System or systems of assessment and verification of                          | f constancy of performance of the construc             | tion product as set out in Annex V: |
| Assessment system: 4  |  |                                     |
| 6a. Harmonised standard:  |  |                                     |
| EN14411:2012  |  |                                     |
| Notified unit/s:  |  |                                     |
| NA - not applicable   |  |                                     |
| 6b. European Assessment Document:   |  |                                     |
| NA - not applicable   |  |                                     |
| European Technical Assessment:  |  |                                     |
| NA - not applicable<br>Technical Assessment Body:                               |  |                                     |
| NA - not applicable   |  |                                     |
| Notified unit/s:  |  |                                     |
| NA - not applicable   |  |                                     |
| 7. Declared performances:   |  |                                     |
| Essential characteristics   | Levels and/or classes                                  | Reference document                  |
| Reaction to fire  | A1/A1 <sub>FI</sub>                                    | EN14411:2012                        |
| Release of dangerous substances - glazed tiles:                                 |  | -                                   |

8. Appropriate Technical Documentation and/or Specific Technical Documentation:

NA - not applicable

The performance of the product identified above is in conformity with the set of declared performance/s. This declaration of performance is issued, in accordance with Regulation (EU) No. 305/2011, under the sole responsibility of the manufacturer identified above.

Signed for and on behalf of the manufacturer by:

## PRODUCT DATA SHEET No. 5902610583483

Applies to the product: PURE ART SAND GRES SZKL. REKT. MAT. 59,8X59,8 G1 (UPEC) Group:  ${\rm BI}_{\rm a}$ 

## 1. Detailed information about the application:

The product is recommended for all interiors with medium traffic, such as: houses, service and commercial premises. The tiles should be protected against scratching elements.

| Characteristics  | Levels and/or<br>classes                 | Reference document                    |
|--|--|---------------------------------------|
| Thickness  | 9.0 mm                                   | EN14411:2012                          |
| The permissible deviation of the average width for each tile from the work size width                                | ± 0.6 %; ± 2.0 mm                        | EN14411:2012                          |
| The permissible deviation of the average length for each tile from the work size length                              | ± 0.6 %; ± 2.0 mm                        | EN14411:2012                          |
| The permissible deviation of the average thickness of each tile from the work size thickness                         | ± 5 %; ± 0.5 mm                          | EN14411:2012                          |
| The maximum permissible deviation from straightness, related to the corresponding work size (width)                  | ± 0.5 %; ± 1.5 mm                        | EN14411:2012                          |
| The maximum permissible deviation from straightness, related to the corresponding work size (length)                 | ± 0.5 %; ± 1.5 mm                        | EN14411:2012                          |
| The maximum permissible deviation from rectangularity related to the corresponding work size (width)                 | ± 0.5 %; ± 2.0 mm                        | EN14411:2012                          |
| The maximum permissible deviation from rectangularity related to the corresponding work size (length)                | ± 0.5 %; ± 2.0 mm                        | EN14411:2012                          |
| The maximum permissible deviation from flatness centre curvature, related to diagonal calculated from the work sizes | ± 0.5 %; ± 2.0 mm                        | EN14411:2012                          |
| The maximum permissible deviation from flatness edge curvature, related to the corresponding work size (width)       | ± 0.5 %; ± 2.0 mm                        | EN14411:2012                          |
| The maximum permissible deviation from flatness edge curvature, related to the<br>corresponding work size (length)   | ± 0.5 %; ± 2.0 mm                        | EN14411:2012                          |
| The maximum permissible deviation from flatness warpage, related to diagonal<br>calculated from the work sizes       | ± 0.5 %; ± 2.0 mm                        | EN14411:2012                          |
| Water absorption E <sub>b</sub> [%]  | ≤ 0.5                                    | EN14411:2012                          |
| Breaking strength [N]  | minimum 1300                             | EN14411:2012                          |
| Flexural tensile strength [N/mm <sup>2</sup> ]   | minimum 35                               | EN14411:2012                          |
| Resistance to deep abrasion - unglazed tiles [mm <sup>3</sup> ]  | maximum 175*                             | EN14411:2012                          |
| Resistance to surface abrasion - glazed tiles, PEI/number of rotations   | Class 4/6000                             | EN14411:2012                          |
| Crazing resistance - glazed tiles  | Pass                                     | EN14411:2012                          |
| Impact resistance  | NPD - no performance<br>determined       | EN14411:2012                          |
| Resistance to staining   | 5 class                                  | EN14411:2012                          |
| Resistance to low concentrations of acids and alkalis  | LB class                                 | EN14411:2012                          |
| Resistance to high concentrations of acids and alkalis   | HB class                                 | EN14411:2012                          |
| Resistance to household chemicals and swimming pool salts  | A class                                  | EN14411:2012                          |
| Natural radioactivity [Bq/kg]  | f1 ≤ 1, f2 ≤ 240                         | EN14411:2012                          |
| Slip - BARE FOOT   | В  | DIN EN 16165:2023-02,<br>Attachment A |
| Slip - BARE FOOT $\alpha_{\text{barefoot}}$ [°]  | $18 \le \alpha_{\text{barefoot}} \le 24$ | EN 16165:2021, Attachment A           |
| Slip resistance - R  | R10                                      | DIN EN 16165:2023-02,<br>Attachment B |
| Slip resistance (PTV) - risk of dry/wet slippage - slider 55   | LOW (≥36) / MEDIUM<br>(25÷35)            | BS 7976-2:2002+A1:2013 / UKSRC        |
| Slip resistance (PTV) - risk of dry/wet slippage - slider 96   | LOW (≥36) / LOW<br>(≥36)                 | BS 7976-2:2002+A1:2013 / UKSRG        |
| Displacement area class / displacement surface   | NA - not applicable                      | DIN 51130                             |
| Emissions of volatile organic compounds (VOCs) - class   | A+                                       | ISO 16000                             |
| Thermal conductivity coefficient [W/m*K]   | NPD - no performance<br>determined       | PN-EN 12664                           |
| Safety class of glass products   | NA - not applicable                      | PN-EN 12600                           |

\* additional parameter, appropriate for unglazed tiles

## 2. Documents

Certificate of product compliance with the Polish Standard No. 96/N/21, Certificate authorising the product to bear the safety mark B No. 95/B/21, Hygienic Certificate No. B.BK.60110.1523.2023.
